

WEb Connector

It's all about connecting: Connecting real people with real resources—and getting real dollars in the hands of people who are working hard to create a better, brighter future.

The WEConnect program along with Intuit®, the makers of TurboTax®, have created the WEb Connector. It's an innovative new approach available **FREE** to All Californians and to all community based organizations to help discover how they can put more money in their pockets. Intuit leveraged the designers of its easy-to-use tax software to develop this web-based calculator. By entering data readily available from a W-2 or 1099, Californians can quickly see an estimate of the dollars they would save by claiming the Federal Earned Income Tax Credit (EITC). Additionally, the WEb Connector highlights a wide-range of money saving programs designed to help working people.

Program/Credit	Brief Description
 Federal Earned Income Tax Credit (EITC)	Annual tax benefit if you work full or part time and earn below a certain income level
 Federal Child Tax Credit	Annual tax benefit if you have qualifying dependents
 California Child and Dependent Care Expenses Credit	Annual tax benefit if you paid someone in California for child or dependent care
 Golden State Advantage Card	Get help to buy your monthly groceries.
 Low Cost Gas and Electric (CARE Program)	Receive a 20% discount on your monthly gas and energy bills
 California LifeLine Telephone Program	Reduced monthly telephone bills for basic services
 Low Cost Automobile Insurance Program	Pay reduced car insurance premiums year-round if you have a good driving record
 Women, Infants & Children Program	Receive certain free healthy foods for pregnant women, infants and young children.
 No Cost & Low Cost Health Insurance Programs	No cost and low cost health insurance programs for you and your family.

An easy-to-use tool that helps calculate potential tax credits, plus eligibility for money-saving programs on groceries, utility and telephone services and car insurance.

Based on what you enter, you'll receive information about the tax credits and programs available to you.

Working families can quickly see an estimate of how much they could save on taxes and if they may qualify for monthly programs that can lower their bills.

The WEb Connector connects Californians with the programs that can help them keep more of what they earn.
